THE JOY OF LIVING

We are an Italian family-run winery, committed to excellent winemaking for over one hundred and fifty years. "The joy of living" is the inspiration behind our Candoni Etruscan Collection Wines. The Etruscans, who lived in Italy more than 2,500 years ago, introduced the grapevine becoming the first wine growers. The richest source of information we have on those days are their paintings that depicted activities from their daily life and feasting. Our artfully painted bottles are inspired by their frescos and their passion for life. We use a technique called serigraphy which is a method of melting natural ceramic colors on the glass to create a unique piece of art that can bring joy and tradition to your table. Salute!
