

  
QUINTA DA RAZA  
— A FAMILY ESTATE SINCE 1769 —

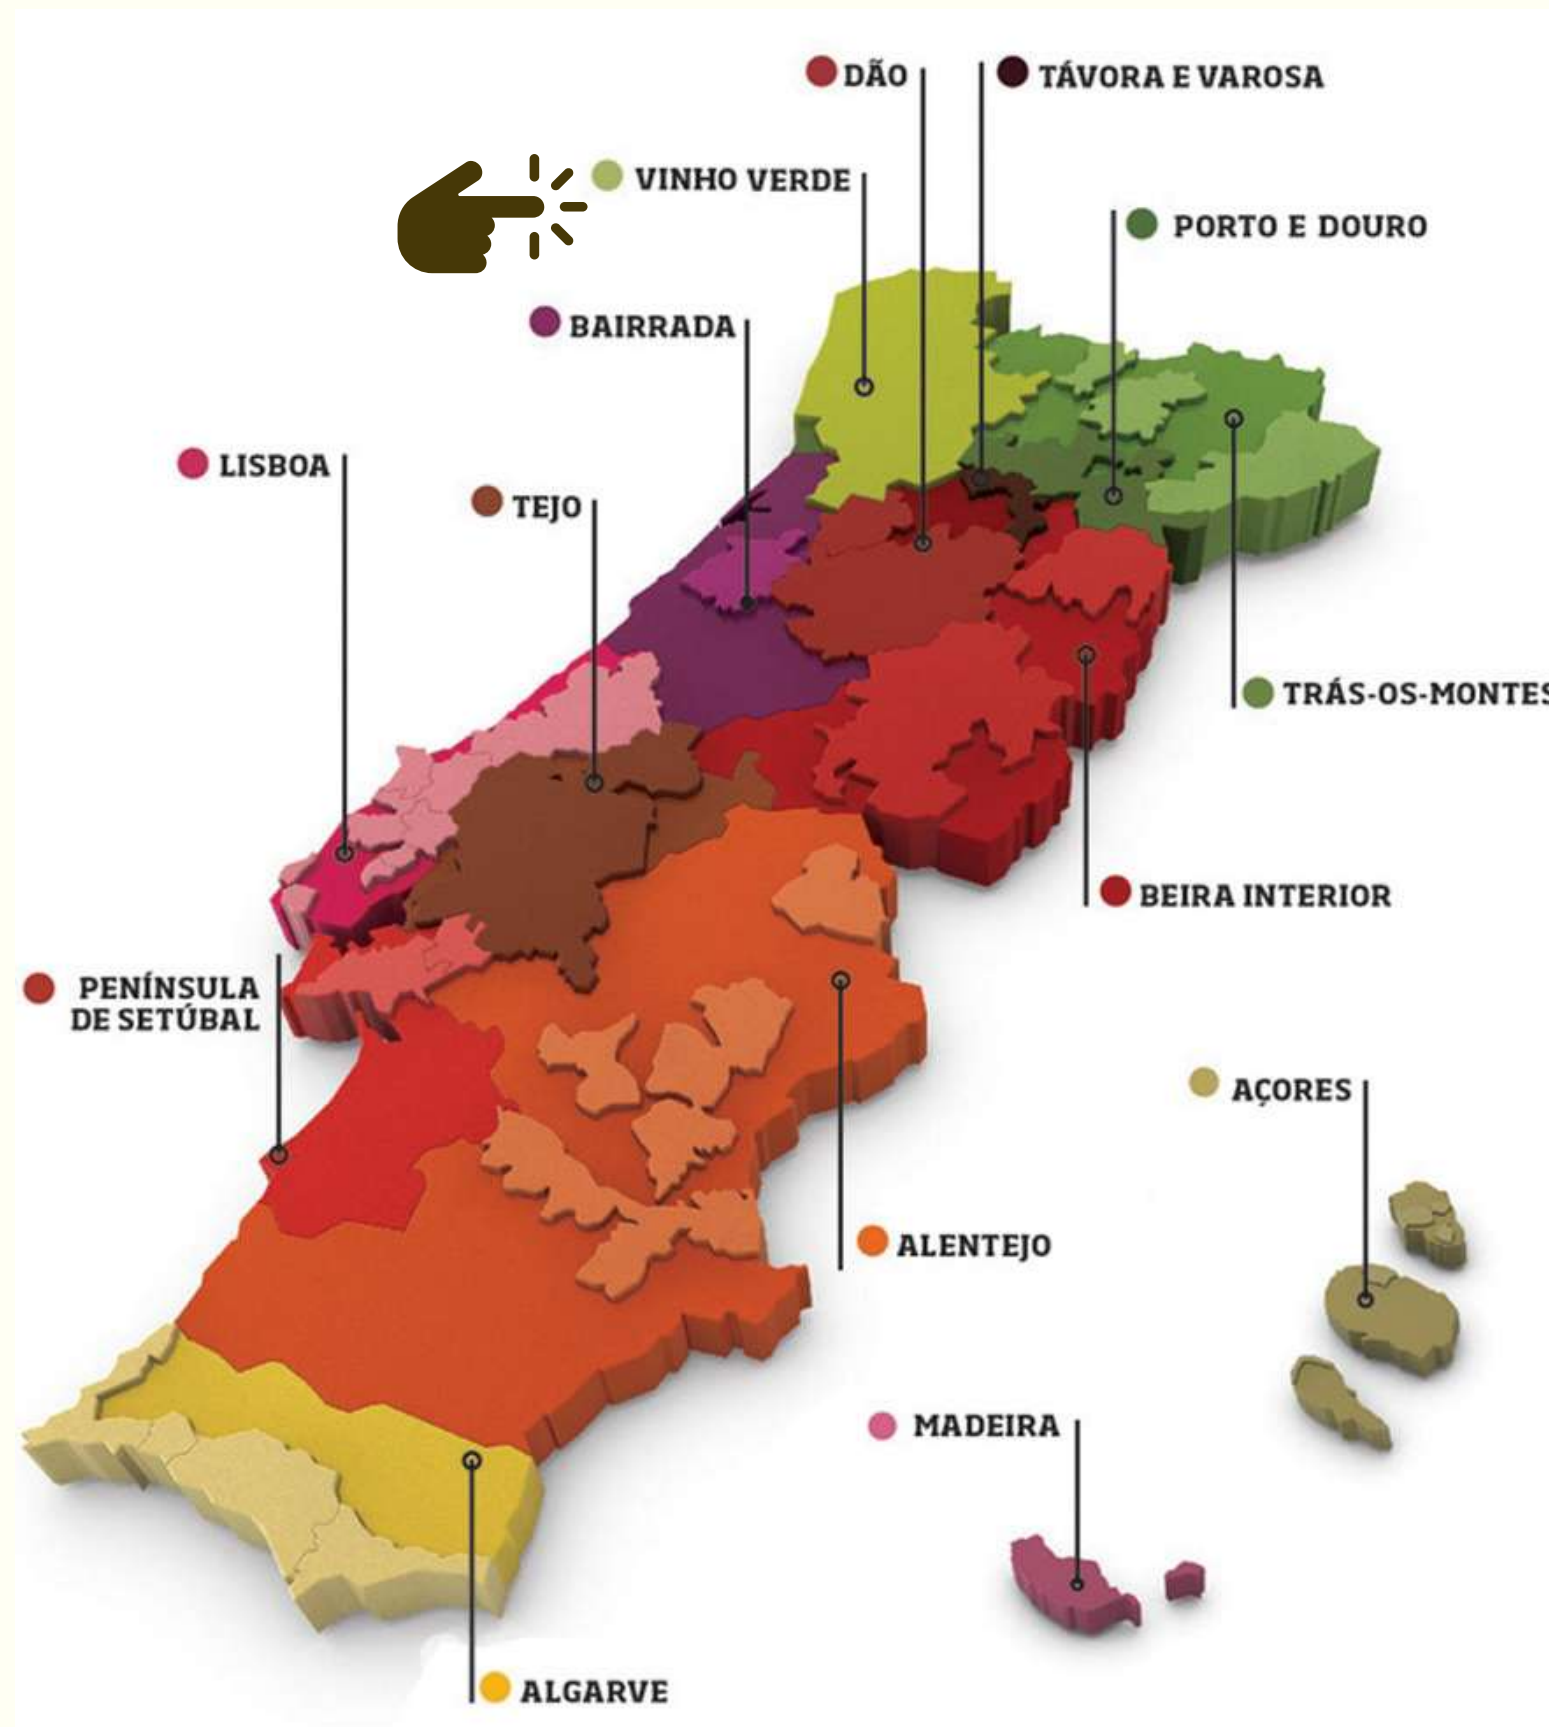

# MEET THE PRODUCERS

# MEET THE TEAM

# VINHO VERDE REGION

Portugal has 14 DOC (Controlled Origin Denomination) Regions being **Vinho Verde Region the biggest**.

**Quinta da Raza** is located in **Basto**, one of the nine sub-regions of Vinho Verde Region.

Basto is the **most inland sub-region**, and is therefore sheltered from the sea winds. Compared to other sub-regiões, the **winter is colder** and the **temperatures in the summer can reach higher values**. This favours late maturing varieties such as Azal (white) and Espadeiro (red).

**Quinta da Raza**, with an **average altitude of 250 meters**, is characterised by its unique terroir, gentle slopes, a **magnificent exposure to the sun** and a **soil rich in granite with areas of clay and some shale**.

# BREAKING WITH DOGMAS

1º Vinho Verde is not the name of the wine but of the DOC (Denomination of Controlled Origin) Region which was demarcated in 1908 and is one of the largest in Europe.

2º The Vinho Verde Region does not solely produce white wine. We also offer Rose, Red and Sparkling wines of quality

3º Despite the common knowledge that Vinho Verde wines do not have ageing potential, this is false specially for wines produced with grape varieties such as Alvarinho and Avesso.

# OUR BRAND

## FAMILY

## TRADITION

## PASSION

OUR HERITAGE IS THE SOUL OF OUR WINES

Quinta da Raza history goes back to the **XVIII Century** and it has remained in the **same family ever since.**

Since 1987, **Diogo Teixeira Coelho** has continued the family tradition joining forces with his wife, **Mafalda**, dedicating their lives to Quinta da Raza.

# TRADITION VS. INNOVATION

Despite the use of **modern technology** related to oenology, the **traditional techniques** of wine producing are still preserved.

Our **grapes are delicately picked up by hand** and the treading of the red grapes is made in **100-year-old stone tanks by local people** that have the experience of their ancestors.

# TRADITION VS. INNOVATION

Quinta da Raza has a great focus on innovation by **bringing back to life autochthones grapes** and **exploring modern techniques** of wine production.

With tradition and innovation, our wines are produced exclusively with autochthones grapes, being **modern, fresh, well-balanced and unique.**

At Quinta da Raza, **innovation and sustainability** (which involves the environmental, economic and social dimension) go hand in hand.

# TRADITION VS. INNOVATION

**Efficient Water Management:** installation of a meteorological station, probes that measure the soil humidity, a WWTP (Waste Water Treatment Plant) and the acquisition of pistons to control water waste in the winery.

**Efficient Energy Management:** installation of solar panels, a battery of reactive energy capacitors and a energy-efficient production line.

**Reduced Carbon Footprint:** investment in a fleet of modern tractors that emit less CO2 with a carbon filter

**Quinta da Raza is certified with the Integrated Production and the ISO:9001:2015**, thus following the EU codes of conduct.

# TRADITION VS. INNOVATION

**Supporting the community:** Quinta da Raza hires local residents and provides training and professional development opportunities. We support local institutions through our donation programme

We look for partners (suppliers, distributors, importers) that **stand by our values of sustainability**

Quinta da Raza encourages its collaborators to have a mindset that values being sustainable, a spirit of initiative and knowledge sharing. This contributes to build a **culture of innovation.**

Quinta da Raza is a "**SME EXCELLENCE**" certified company

# PORTFOLIO RAZA

**RAZA** is represented by a small falcon as our brand is a reflection of our environment. This **rare falcon we call "Peneireiro"** inhabits in our vineyards and Quinta da Raza aims to maintain this symbiosis.

Being one great example of our focus on the environment, it is on Quinta da Raza best interests to **preserve the biodiversity and the ecosystems surrounding us.**

# PORTFOLIO DOM DIOGO

**Monovarietal wines made with autochthonous grapes**

# PORTFOLIO QUINTA DA RAZA

**Wines made with autochthonous premium grapes of the Vinho Verde  
Region**

# PORTFOLIO QUINTA DA RAZA

**Family Collection N° 1 - Collection of Premium Unique Wines**

# PORTFOLIO NAT

These wines reflect a **minimal-intervention approach**, letting nature dictate the fermentation with wild yeast. In the case of the Pet Nats, the spontaneous fermentation ends in the bottle with no added sulphites.

The **insects on the labels** are known for their efficiency in biological pest control. It is meant to represent our holistic approach to viticulture and sustainability.

# TOURISM AT QUINTA DA RAZA

Quinta da Raza offers a variety of experiences to all visitors, lovers of wine, food and nature.

Programs include visits to the property and winery, wine tastings, movie sessions in the winery amongst others. We also provide private programs for companies, families or groups of friends.

**Visit Quinta da Raza and explore with us the  
Basto Region!**
