DESCRIPTION: In 2010 the brewery launched Straffe Hendrik Quadrupel, an intense beer, dark in color and full in taste.

The aroma is elegant, spicy and slightly roasted.

The sophisticated blend of special kinds of malt give the beer a complex character, combining a delicate dryness with hints of coriander, dark fruits, anise and roasted chestnuts. The palate finishes in a syrupy taste.

The refermentation in the bottle creates a living beer that will evolve over the years.

Straffe Hendrik Quadrupel finds an excellent partner in chocolate when it comes to food-pairing.
