

DI GIOVANNA

NERELLO MASCALESE

SICILIA

INDICAZIONE GEOGRAFICA TIPICA

The Di Giovanna Nerello Mascalese is a more dark and brooding style of the native Sicilian grape that is typically lighter in weight. It's made of 100 year old vine cuttings were taken from the Eastern side of Sicily, near Etna. Black cherry and black currant scented, this wine fills the mouth, with smoky & peppery sensations. Without the overwhelming tannins of other varietals, fluid tannins lead to a chocolate pronounced finish.
