

# FOLK MACHINE

2023 VALDIGUIÉ, REDWOOD VALLEY

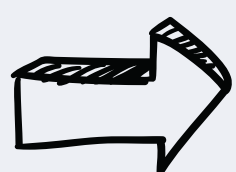

## Cellar

Fermented with a combination of destemmed, foot tread whole cluster, and intact whole clusters. No additions. 10% new oak.

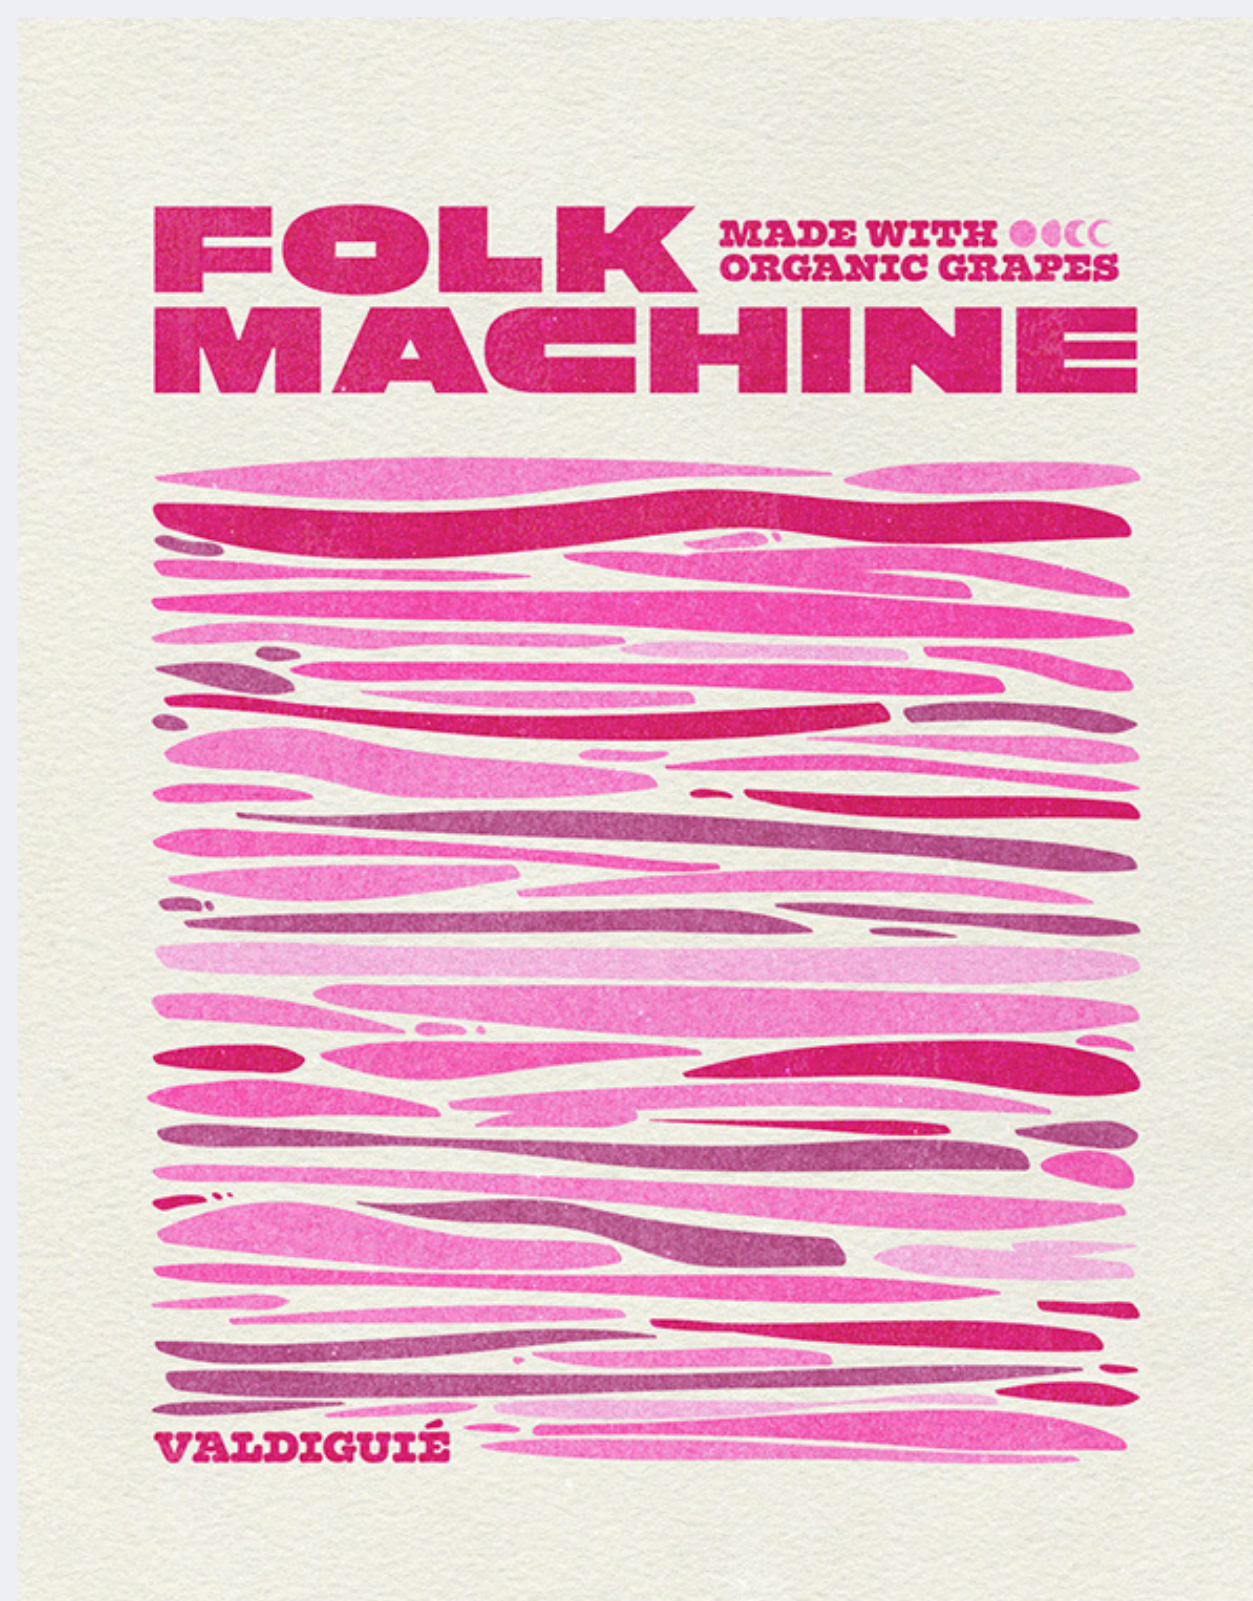

## Lolonis Vineyard

A much coveted site further East in Redwood Valley with vines that are over 100 years old. One of the oldest certified organic sites in California.

## Ancient Vine Valdiguié

100% Valdiguié from two older blocks and a somewhat younger massale selection block on the Lolonis property. These are beautiful heritage vines that are part of California's wine heritage.

The Valdiguié vines on the Lolonis property were not only my introduction to California's lesser know vineyard history, but an epiphany of sorts when it comes to what is often overlooked. When I first stumbled on these virussed vines, there hadn't been a real buyer for the grapes in years, the vines were neglected, and the variety had been all but forgotten. Fast forward 20 years and every young aspiring winemaker knows Valdiguié, knows the Lolonis Vineyard, and would jump at the opportunity to produce the wine. Of course, we know that we are fortunate and blessed to have worked with the vineyard for almost two decades.

Like so many of the vintages, this is another lean and racy wine that offers a fresh fruit punch type of juiciness with a rustic "old California" type structure. At the risk of being cliché, I think it is one of the better vintages in the last many. KL

pH - 3.19

TA - 7.7

EtOH - 11.2%
