

FOLK MACHINE

White Light

california white wine

fun, easy drinking, summery, light, & affordable

wine style:

Created with the idea of making a lightly aromatic textural wine, something not super dry or super fruity, this wine always strives to be fresh, acid-leaning, mineral, saline/briny extremely drinkable and easy to enjoy. I really love the white wines of Cassis if that gives you an idea.

production:

The components of this blend were all fermented in stainless steel tanks and assembled in pieces as the individual fermentations finished. Spontaneous fermentation, partial ML, no oak, and bottled early with a touch of residual CO₂.

2025 vintage stats:

pH: 3.29

TA: 6.2 g/L

EtOH: 12.7% by vol.
