## SONOMA COUNTY

Camp was created in 2011 to showcase the quality and value of Sonoma County wine. We work with top growers in very high quality and responsibly farmed, though lesser known, vineyards throughout Sonoma County to produce delicious, approachable, and affordable wines.

All wines undergo native yeast and bacteria primary and secondary fermentations without the use of commercial fermentation aids or additives.

All lots were fermented in stainless steel tanks with moderate temperatures to control extraction and then aged in French oak barrels of varying ages.
