Brut Rosat 'Castellroig' 2022

"The 2022 Brut Rosat was produced with a blend of indigenous grapes, 49% Trepat, 21% Sumoll, 17% Garnacha and 13% Xarel.lo, and has some 6.9 grams of sugar. It has a pale color, almost like a blanc de noirs, and a **subtle and clean nose**, without terrible complexity but **very pleasant and going beyond the stereotype of a rosé** with some camphor and Mediterranean notes."
