

Cedric Parpette Côte-Rôtie 'Montmain'

Cote Rotie commands the highest price of all Northern Rhône's!

From one of the tiniest properties in Cote Rotie, Parpette produces a few hundred cases, maybe 300-500 in a voluminous vintage, from some of the steepest terrain on the hillsides above Ampuis.

Cédric's wines are all about **dark fruit expression, plush texture and silky tannin**, a Côte Rôtie you can drink. Already remarkable, this bottle will improve over the next two or three years and can keep for ten years. **A domaine to watch!**

2016 WAS A CLASSIC VINTAGE: 94/100
