

# 100 BEST WINES OF THE YEAR 94 POINTS Wine & Spirits MAGAZINE

"Lancyre's Roussanne is a treasure hidden among a portfolio focused on reds. Made mostly from roussanne, with about 10 percent each viognier and marsanne, it's grown in the north of Pic Sr-Loup, on a mix of clay and limestone. In 2015, the wine channels the warmth of the appellation in its deep yellow hue and tropical fruit scents, then does a stunning 180, focusing the flavors on scones and savory herbs. The richness remains in the nut-oil texture, but it's clean and light, allowing the mineral flavors to shine. This wine lasts for days open in the fridge, realizing more detail with every meal. Accessible now, if you put it away for another five years it will continue to develop a deeper, nuttier complexity."
