REDWOOD VALLEY

CHARDONNAY

2023

150 CASES PRODUCED

pH: 3.33 TA 6.3g/L

The Edith and Ida Chardonnay comes from the ccof certified organic Lolonis vineyard in Redwood Valley.

FEMALE OWNED BRAND

The 75+ year old vines had a lower than average yield in 2022, so to maintain production I opted to include some newer fruit as well.

Both lots were allowed spontaneous barrel fermentation separately and then racked together in the Spring. In July, the wine was bulldogged to a tank until bottled, unfiltered and unfiltered, on 8/8/2023.

- Aroma of white flowers, yellow apple, and salted lemon
- Medium in body, with bright freshness, neutral oak
- Stone fruit and pears with a flinty finish.
