Robert Parker

WINE ADVOCATE

Feuerheerd's 20 Year Tawny Port

"The 20 Years Old Tawny Port comes in at 109 grams per liter of residual sugar. As tends to be the case when comparing the winery's Maynard's and Feuerheerd's brands, this seems a bit more serious, not quite as easy. Ending with more concentrated flavors, it is a beautiful 20 that is fresh, delicious and balanced."
