Perusini Picolit 2011

Colli Orientali del Friuli

“Copper-tinged medium dark gold. Showing effusive aromas of dried stone fruit, orange citrus, and acacia, this is a gorgeous sweet wine, creamy and lush on the palate with excellent freshness and bright acidity that easily balances the 169 g/L RS. **The palate shows hints of dried apricot, honey, and toasted nuts. An outstanding wine best consumed with a rich, creamy cheese.**

Partly dried on the vines and partly harvested very late, the Picolit is matured in barriques of oak and acacia.”
