

BODEGAS Y VIÑEDOS VALDERIZ

Valderiz Roble has a new name and look!

The *galgo* (greyhound) will always have a special place in the heart of every Spaniard. A revered hunting companion who saved countless families from starvation during the Spanish Civil War, this beautiful animal has become a symbol of elegance and honor in local culture. The Esteban family chose the galgo's image to represent their roble, a wine that perfectly balances grace and power.
