

baby bear

syrah | v. 2022

The 2022 Baby Bear Syrah is a concentrated, expressive wine that captures the balance and intensity of the vintage. The aromatics lead with blackberry, blueberry, and ripe plum, lifted by notes of violet, lavender, and cracked pepper. On the palate, layers of black cherry, boysenberry, and dark cocoa unfold, complemented by subtle hints of savory herbs and black olives. Fine-grained tannins provide structure while lively acidity adds lift, creating a rich, balanced impression. The finish is long, polished, and vibrant, echoing the wine's depth.

Grapes for this Syrah were sourced in equal parts from three acclaimed vineyards: Les Collines in Walla Walla Valley, contributing blue-black fruit, floral aromatics, and refined tannins; Phinny Hill in the Horse Heaven Hills, adding density and dark, concentrated flavors; and Lewis Vineyard in the Columbia Valley, offering bright acidity and purity of fruit. Handpicked and carefully sorted, the grapes were fermented in stainless steel and aged in a combination of new and used 600L puncheons, allowing the wine's layered fruit, savory notes, and oak spice to fully integrate.
