

# BLACK HOG

BREWING CO.

Black Hog Brewing Co. proudly presents our Nitro Coffee Milk Stout! Based on a sweet stout recipe and enriched with cold Toddy-extracted Organic Colombian Supremo and Espresso Roasted coffee. Exclusively poured on Nitrogen gas lines for a silky texture with a pillowy white head. Toddy extraction enhances the natural coffee notes of the malt for a robust brewed flavor with no bitterness. The result is a rich, creamy stout, with a hearty roasted coffee flavor and a quick finish.

## DRINK TO THE HOG

That's who we drink to. A heritage breed, Berkshire pig to be exact. It's our personal favorite and it's the spirit behind our uniquely delicious beer.

5.5% ABV  
20 IBU
