

# BLACK HOG

**BREWING CO.**

Before a big pig roast we love to go on a long hike to get the blood flowin' and our stomachs ready for a serious feast. To keep us going we pack a few bags of crunchy granola. Then it came to us - Granola brown allows us to have the best of both worlds - a refreshing brew with all the wonders of our delicious granola! Take this beer on your next hike or hike one up to your lips for a satisfying energy packed libation. Try our granola brown with a nutty alpine cheese like springbrook tarentaise, comte or gruyere.

## DRINK TO THE HOG

That's who we drink to. A heritage breed, Berkshire pig to be exact. It's our personal favorite and it's the spirit behind our uniquely delicious beer.

#DRINKTOTHEHOG

**ABV: 5.7%**
