

# Dubuisson Scaldis Caractère

**ABV: 12% | IBU: 25**

*The Scaldis Caractère is a filtered, top-fermented beer made from malt, hops, natural sugars, water from the brewery's own underground source and an exclusive house yeast that has been cultivated for 80 years.*

The nose picks up surprising aromas of ripe fruits including **banana, touches of 'cuberdon' sweets (Belgian raspberry gum sweets) and above all caramel**, which is also noticeable in the taste.

You get a full-mouthed beer with a bitter-sweet taste and a trace of liquorice in the finish.
