

BODEGAS BHILAR

VIÑEDOS EN RIOJA ALAVESA

Two projects, one vision.

David Sampedro, vinegrower and his wife, Melanie Hickman, elaborate wines in the small viticultural areas of Evillar and Kripan, Rioja Alavesa.

Village and Single Vineyard wines

Winery

Vineyards

All 16 HA of vine are certified organic and farmed following Biodynamic tenets exclusively by plow-horse.

The wines are produced in Bodegas Bhilar's "off the grid" solar and wind powered winery under the expertise of David Sampedro.

The Farm

To achieve maximum expression of the vineyards, minimal intervention is implemented in the winery.

Equipped with concrete tanks for fermentation and elaboration; Aging takes place in oak vats, Foudres or barrels.

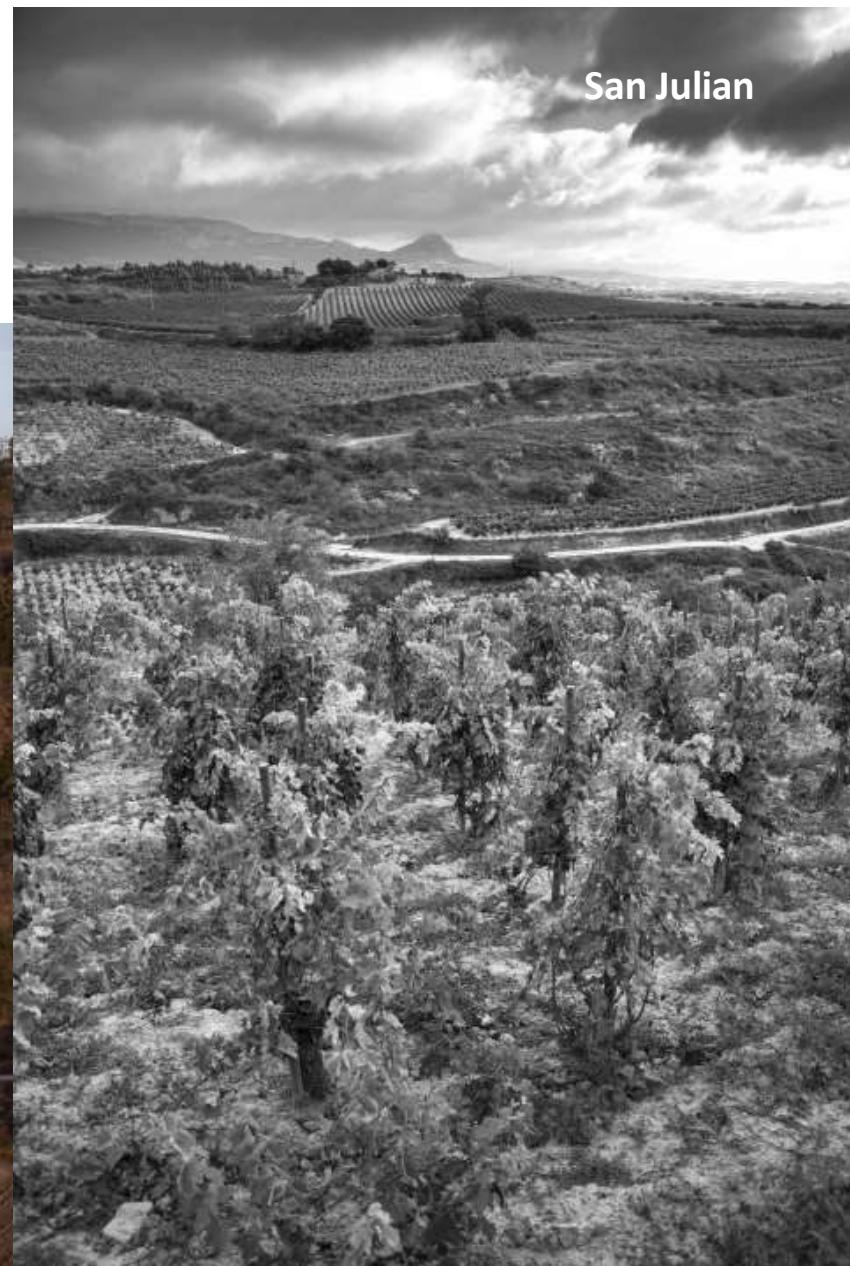

In addition to rescuing small, old parcels, energy is invested in restoring historic terraces and planting varieties that add freshness such as Graciano, Garnacha tinto and blanco, Maturana tinta, and other white varieties.

El Vedao - Kripan

San Julian

Looking to the past in order to move forward. Implementing practices where the goal is to leave the land in a better state than it was found for future generations.
