

## Domaine Michel Caillot Santenay 'Les Bras'

A relatively rare white Santenay  
(85% of Santenay grapes are red).

**An elegant, lightly oaked wine, pair  
with white meats or seafood.**

*The Caillot family has a deep history in the region; Michel is the nephew of famed Pierre Morey. Caillot's style emphasizes integrated farming, with winemaking tuned for long-aged wines - long slow fermentations in a cold cellar and minimal handling lead to wines that are typically released 3-5 years later than their peers. This is a fantastic opportunity to taste how white Burgundy can evolve when aged under perfect conditions at the winemaker's cellar!*
