## Lava Cap

### Cabernet Sauvignon 2022

“Great herbal aromatics leap forward from this high mountain Cabernet sourced from four different sites in the Sierra Foothills—**crushed stone minerality, green peppercorns, bay leaf frame cassis and blackberries with mint.** The palate is well-structured and bright. **Red and early season berry fruits are marked with fleshy Bing cherry and candid raspberry notes.** An excellent savoury kick of garrigue and a touch of dusty eucalyptus helps this wine towards the finish.”
