

Plani Arche Grechetto

Owned by second-generation vintners, Cantina Plani Arche is a small estate in Umbria's Martani hills, just across the valley from Assisi. **Farming here is fully organic**, and the focus is entirely on grapes indigenous to the region, and so the principal white variety is Grechetto. Done in stainless steel and kept on the lees for at least six months, this wine is bottled unfiltered and with no added sulfites; **it has aromas and flavors of ripe fruits and spices, a robust body, a gentle tannic structure, and a persistent finish.**

Vegan & Certified Organic
