

# Filippo Cassano - FUSO Primitivo 'CALX'

“If you think you know Italian Primitivo, think again! This all **NATURAL, CERTIFIED ORGANIC and UNFILTERED** Primitivo is dry, but **ohh soo fruity and fresh.**” CALX is the Latin word for “Limestone” which is a unique soil down in southern Italy. The limestone imprints the Primitivo grape, giving fresh and taught wines, with **notes of zingy berries and dried figs.**
