

Rocamadre Criolla

This natural wine is grown organically in an 80 year old vineyard 3600 feet above sea level, this lightly colored, juicy red has a powerful presence. **An immediate hit of bright red fruits, especially cherries, turns into spice and a lovely texture** belying the wine's paleness. This Criolla Chica/Criolla Grande blend is **fresh and pure, made with a sense of where it is from**, trying to reflect the mountains, the sun, the snow and the stones in every bottle.
