

Perusini

Colli Orientali del Friuli

Pinot Grigio Ramato

Our **copper-hued Pinot Grigio** was created from one of these high hill vineyards. The selection of the grapes is crucial for this product, as is the subsequent five-day cryomaceration, which is aimed at extracting the phenolic components that give this wine its extraordinary colour.

Notes of strawberry and freshly picked tropical fruits. Full bodied, pronounced and fragrant. Very long finish with minerality and balance.
