

ABOUT

STEL+MAR is the result of two friends and their families coming together to make crowd-pleasing and award-winning California wines. Using local artists, our label art represents life under the California sun—laid back, care-free and fun. STEL+MAR is best enjoyed with good food and good friends.

FIELD NOTES

Our vinification process begins right from delicate harvest and press. We feel this adds to the Intense and Aromatic, yet Restrained creation we call our Lodi, Cabernet Sauvignon. Fermentation begins in aged tall American redwood tanks, then transferred to 80% French Oak and 20% New American Oak Barrels to Finish the last 3 months. Full-bodied, Juicy, Balanced and Elegant, it is ruby red in color with aromas of black currant, cherry and, toasted vanilla on the nose. The palate explodes with fresh blackberries, caramel, a hint of coffee. Great tension and underpinned by delicate tannins. – Philip Zorn – Winemaker – STEL+MAR
