

Domaine des 13 Lunes

Apremont

Made from 100% Jacquere

Anne and Sylvain Liotard farm 5.7 hectares in the village of Chapareillan, along the slopes of the famous Mont Granier. Biodynamic and Demeter certified. Wines of the AOP Apremont are produced exclusively from the local grape called Jacquère, the most widely planted variety in the Savoie. Vineyards are 500 meters in elevation resulting in **fresh, vibrant, high acid and mouthwateringly crisp wine**. Clean fruit notes of apple, pear and lemon with notes of fresh herbs and wildflowers. Combining the mineral quality often attributed to Pinot Grigio and the grassy citrus notes of Sauvignon Blanc. A must try for any white wine lover. *Perfect for Shellfish, Seafood, Chicken, Salads and more.*
