Dancing Crow

Cabernet Sauvignon 2022

“The core virtue of this strong value Cabernet is its pure but punchy fruit flavors, which are so straightforwardly delicious that most tasters will be glad that oak isn’t more evident. The fruit shows **a mix of black fruit tones along with less prominent red berry notes, and subtle savory accents** lend additional interest. **The grapes must have been picked at just the right time**, as the fruit displays excellent balance with acidity and tannin.”
