Sauvignon Blanc 2023

“The 2023 Sauvignon Blanc is juicy, **bright, grassy, green and a little vegetal, with a profusion of white flowers, nashi pear and lemon barley.** In the mouth, the acidity is crunchy, making for pert, fresh drinking. I was recently in Brisbane visiting my family, and my Nanna loves this wine—we consumed quite a bit of it over that week, and I can confirm it is *a suitable match to the warm and humid Brisbane weather.*”
