

FOLK MACHINE

2025 SAUVIGNON BLANC, POTTER VALLEY, MENDOCINO

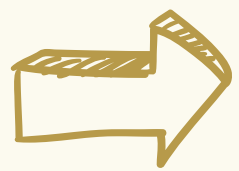

Vecino Vineyard

Certified organic by CCOF, Vecino Vineyard lies North of Lake Mendocino and South of Lake Pillsbury.

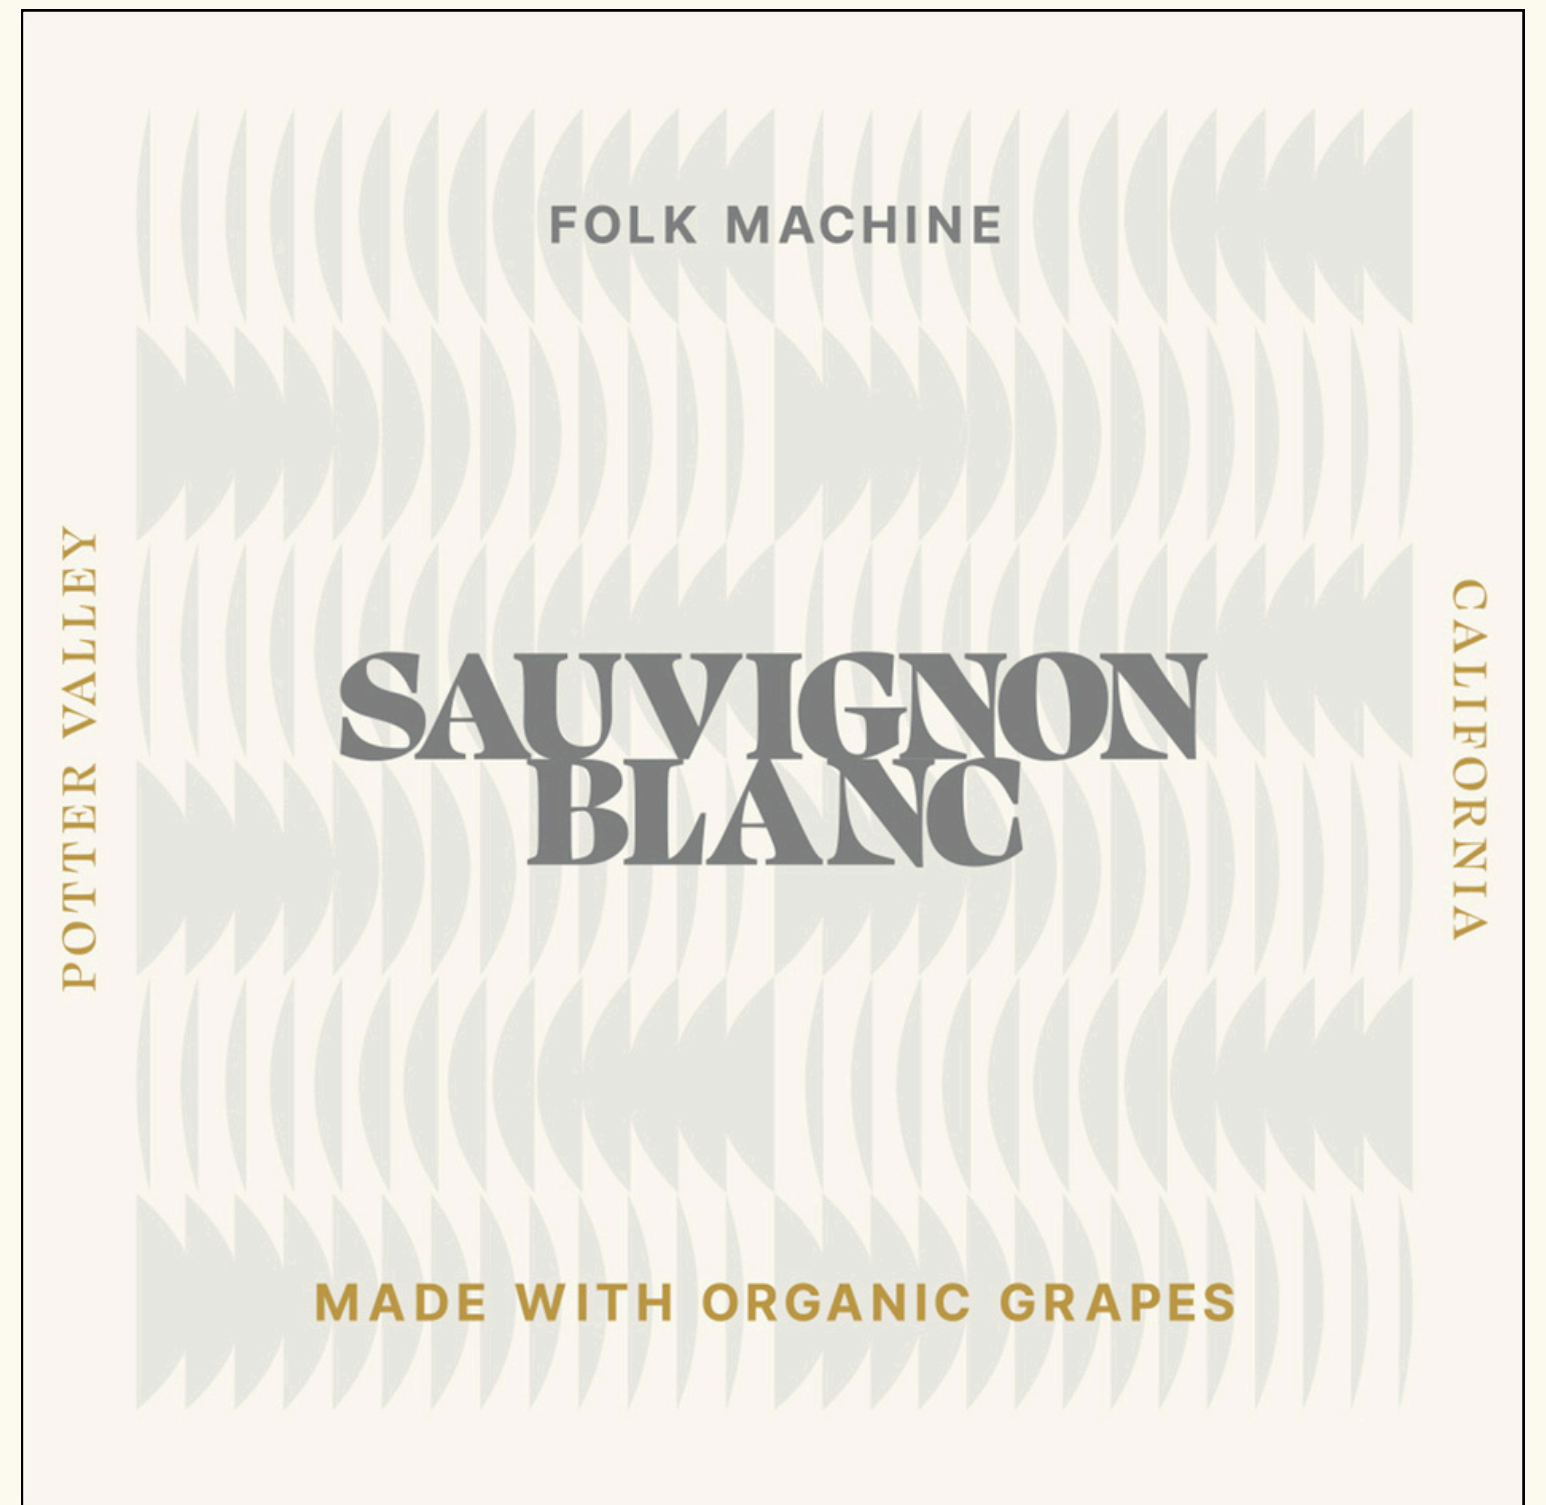

Potter Valley AVA

On the Eastern side of Mendocino County, Potter Valley sits at a higher elevation than it's surroundings and is influenced by the Eel River watershed creating cool growing conditions

Sauvignon Blanc

Originally from Bordeaux, SB is herbally, grassy, and carries good acid. TVecino is planted to the Musque clone, toning down some of the grassyness with heightened aromatics. More Loire than NZ.

The 2025 Potter Valley Sauvignon Blanc grapes were whole cluster pressed and fermented in a stainless steel tank. Post-fermentation, malolactic was partially blocked. Bottled December 2025.

-  pH - 3.06
-  TA - 6.8
-  EtOH - 12.9%
-  RS - <0.1 g/L
-  818 cases produced
