

# Domaine D'Ansignan Petites Grappes

A partnership between vignerons, **Sebastien Calduch and Jeff Carrel**, Domaine d'Ansignan is estate grown wine from three distinct parcels high in the Pyrenees Mountains, at the very end of Occitania. A natural wine with minimal intervention in the cellar, vinified with natural yeasts. On the oldest vines of the estate, the **100+ year old vines** produce "petites grappes" that are harvested young to preserve the most juice and freshness possible.

Very refreshing on the palate. **Cherry in color with notes of pomegranate, fresh strawberry, and a lingering minerality.**
