Palomino 'Forlong Blanco' 2023

"2023 was a year marked by 10 days of warm "Levante" wind that influenced the wines. The 2023 Blanco, an **unfortified Palomino white**, is a little more powerful and concentrated, with 12.5% alcohol and mellow acidity. It has a tender palate and a bitter twist in the finish.

***It fermented in stainless steel with indigenous yeasts and was bottled unoaked."***
