

FUSO Col di Luna Rosato Brut 'FLORA'

Flora rosato comes from the local grape variety called Raboso, **a trifecta of spice, brambly fruit, and a rather energetic acidity!** The vines thrived on a mixture of gravel and limestone soils and were macerated for twelve hours on their skins prior to fermenting both in stainless steel and bottle.

FUSO is all about **highlighting smaller growers throughout Italy**, choosing specific vineyard sites that emphasize the indigenous grapes and soil.

At just 11% ABV, **perfect for any and all day drinking occasions!**
