Pilsner

Style: German Pilsner

Origin: Nuremberg, Germany

Description: For centuries, Nuremberg's location in between Berlin and Munich made it the brewing capital of Germany. As a result, the brewery's specialties weren't limited to the Bavarian styles later associated with Munich, but also those of the west and north – chief among them, Pils. Brewed with the legendary Hellertau hops, grown just to the south, the result is a clean pils that allows the noble hops to shine. Crisp enough for summer heat and sturdy enough for the northern Bavarian winters.

Flavor/Aromatic Profile: Whole Grain Cereal, Lemon Zest, Sage
