UNA VODKA

A contemporary blend of 6x distilled premium vodka infused with begonias, orange blossom & vanilla flower from Madagascar.

TASTING NOTES:

The nose is filled with the scents of exotic flowers, vanilla, and soft citrus accents that are presented in a subtle and delicate manner. The palate echoes the nose delivering a floral-driven core with notes of mineral, soft grain accents, and vanilla bean. Medium-bodied and super delicate with just a faint sweetness that lifts the botanicals giving it a soft Gin-like quality.

DISTILLATION:

UNA Vodka is a premium corn-based, gluten-free spirit, distilled six times to ensure exceptional purity and smoothness. Following distillation, we delicately infuse it with natural flower essences using a post-distillation process. This method allows the spirit to fully absorb the nuanced aromas and flavors of the botanicals.

Finally, UNA is carefully filtered to achieve a refined, clean finish, with a carbon & charcoal filtration.
